

HAMILTON COUNTY SOLID WASTE BOARD
MARCH 25, 2002

President Steven A. Holt called the Hamilton County Solid Waste Board to order. A quorum was not present.

Household Hazardous Waste Center Update:

Barry McNulty presented the Household Hazardous Waste Disposal Guide and the customer count and usage since the opening of the Household Hazardous Waste Center. Barry stated we have collected approximately 5,000 items in 17 days. We estimate it to be 6-7 tons of material. We have had a nice response and good media coverage. The flammable storage building was delivered on Thursday. We will be putting fencing up for that. It appears rainy days are slow. We are averaging 18 people a day with approximately 400 items per day. We have had a good response from Noblesville, Fishers and public throughout the county. Barry stated we have given a tour of the facilities to a cub scout troop and a high school class has scheduled a tour for next month.

Steve Wood will work with the Ledger on an article on the flammable storage building.

Steve Holt asked what are you telling people with old tires? Barry stated we tell them we don't have an avenue for them. We are telling people that hopefully in the future we would be able to do a tire and appliance collection day or two. Steve Wood stated we give them a list of places they can take the tires and appliances to.

Barry stated this is a lot for Steve by himself. Jason LeMaster is donating his own time and Barry has an unpaid intern that helps Steve. Community Service workers from the Probation Department come out every week.

Barry stated Noblesville has requested permission to place a dumpster for grass clippings. Steve Holt asked Kim Rauch to get a notice out to the Board that we need a quorum at April's meeting. Mike Howard stated it is county ground and the Commissioners could grant authority to use the site.

Dick Frost commented on the disposal of gasoline.

Meeting was adjourned.
